ACCELERATING CLEAN HYDROGEN DEPLOYMENT TO DECARBONISE THE AMERICAS

Following the sell-out **Hydrogen Americas Summit** in 2022 co-hosted by the **U.S. Department of Energy (DOE)**, the Summit returns to Washington D.C. on 2-3 October 2023, with a **full exhibition** and **H2 Tech Series** added to the program.

2023 will be a defining year for the hydrogen sector globally, with **public and private sector investments flooding the market**. The U.S. has taken the lead with its funding announcements, including the **Inflation Reduction Act** which is seen as a game changer. The EU, Canada and Australia are responding to the U.S. announcements with their own funding schemes, fuelling a hydrogen race.

Join us and meet with over **3000 industry leaders from across the value chain**, including **government representatives, hydrogen and energy stakeholders, service providers and offtakers** who will be showcasing their **latest technologies, project developments and policies**.

Register your place today to connect with new business partners and exchange the latest insights to **make your hydrogen project a reality**.

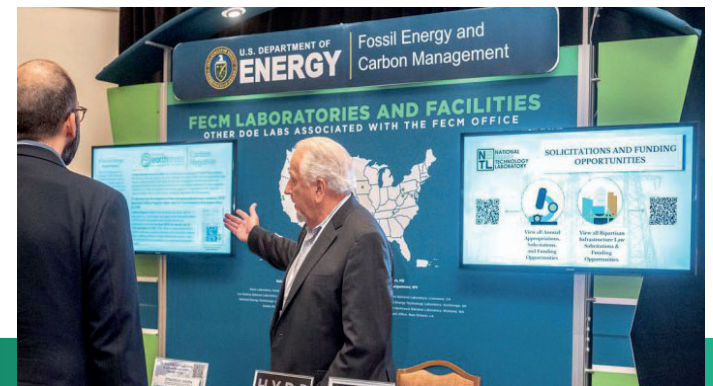

WATCH LAST YEAR'S SUMMIT HIGHLIGHTS

“This is really such a critical time for hydrogen and so this event brings together governments, stakeholders across multiple industries, investors and really showcases the opportunity for hydrogen.”

DR SUNITA SATYAPAL

Director, Hydrogen & Fuel Cell Technologies Office, Office of Energy Efficiency & Renewable Energy
U.S. Department of Energy

**“IT IS GO TIME FOR
HYDROGEN AND CLEAN
HYDROGEN SPECIFICALLY.
YOU HAVE AN OPPORTUNITY
TO HELP YOUR COMPANY,
YOUR INDUSTRY AND
YOUR COUNTRY.”**

JENNIFER GRANHOLM,
Secretary General,
U.S. Department of Energy (DOE)

Speaking at Hydrogen Americas Summit 2022

ACCESS THE LATEST HYDROGEN PROJECTS & OPPORTUNITIES IN THE AMERICAS

THE SUMMIT

The Hydrogen Americas Summit is the platform for decision makers to discuss the key priorities for the hydrogen industry to scale up in the year ahead. With multiple interactive sessions led by 100+ high-level speakers, it's your opportunity to gain insight into the latest hydrogen strategies and investment opportunities from government officials and world-experts in hydrogen production, technology and applications.

“This is a fabulous conference because it brings together key decision makers across industry, across Government, across technology providers and across users of hydrogen, all in one place. And if you look at all the terrific programs that the Department of Energy is leading...it really underscores the Biden Administration’s perspective to make the U.S. a leader in clean energy and in particular clean hydrogen.”

RICK BEUTTEL
Vice President
Hydrogen Business
Bloom Energy

THEMES:

POLICIES, PROJECTS & INVESTMENTS

U.S. HYDROGEN HUBS DEVELOPMENTS

IRA: IMPLICATIONS FOR THE REGION

ACCELERATING NEW BREAKTHROUGH TECHNOLOGIES

HYDROGEN GLOBAL SUPPLY CHAINS

HYDROGEN INFRASTRUCTURE DEVELOPMENTS

COMMERCIAL OPPORTUNITIES IN DECARBONISING

FINANCING CLEAN HYDROGEN DEPLOYMENT

MEET & PARTNER WITH HYDROGEN LEADERS AT #H2AMERICAS2023

WITH EXPERT CONTRIBUTIONS FROM PAST SPEAKERS INCLUDING:

HON. JENNIFER GRANHOLM
Secretary of Energy
U.S. Department of Energy

ALI ZAIDI
National Climate Advisor and Assistant to the President
White House Climate Policy Office

HON. JOHN BEL EDWARDS
Governor of Louisiana
United States of America

H.E. STUART R. YOUNG
Minister of Energy and Energy Industries
Government of Trinidad & Tobago

HON. BRUCE RALSTON
Minister of Energy, Mines and Low-Carbon Innovation
Government of British Columbia

HON. ANDREW PARSONS, KC
Minister of Industry, Energy and Technology, Member for Burgeo - La Poile
Newfoundland and Labrador

DAVID M. TURK
Deputy Secretary
U.S. Department of Energy

DR. SUNITA SATYAPAL
Director, Hydrogen & Fuel Cell Technologies Office, Office of Energy Efficiency & Renewable Energy
U.S. Department of Energy

JIGAR SHAH
Director, Loan Programs Office
U.S. Department of Energy

JULIE CERQUEIRA
Principal Deputy Assistant Secretary, Office of International Affairs
U.S. Department of Energy

BRIAN J. ANDERSON, PH.D.
Director, National Energy Technology Laboratory (NETL)

HIGHLIGHT YOUR HYDROGEN SOLUTIONS & SIGN NEW BUSINESS DEALS

THE EXHIBITION

NEW FOR 2023! The Hydrogen Americas Exhibition unites leading hydrogen stakeholders to meet technology manufacturers, private sector leaders, policy makers and innovators contributing to hydrogen's critical implementation. Showcase your latest innovative products for an opportunity to discuss, collaborate, and do business with investors looking to drive the hydrogen industry forward.

WHY SHOWCASE?

- ✔ Highlight your products and services to buyers and partners
- ✔ A cost and time effective way to discover new business opportunities
- ✔ Position your brand as a leader in the growing hydrogen market
- ✔ Exchange insights and answer your clients' questions instantly
- ✔ Be part of a growing hydrogen community in the region
- ✔ Generate new leads for your company in a highly targeted environment
- ✔ Host meetings and secure business deals right on your stand

“It’s about making our name known, connecting to the right players, being at Department of Energy, being investors, being uptakers and being clients. It’s a good platform to communicate, make yourself heard and visible and have a kind of a one-stop-shop where you meet many stakeholders in one place. Otherwise, you would need to travel around the country maybe for two, three, four weeks. So I think, for us it’s a very time efficient and impactful event.”

MICHAEL PERSCHKE
CEO
Quantron

YOUR OPPORTUNITY TO ATTEND THE OFFICIAL HYDROGEN AMERICAS EVENT FOR FREE!

H2 TECH SERIES

This year, we are pleased to announce the **H2 Tech Series**, a collection of technical presentations running parallel to the Summit Sessions right on the exhibition floor. Hear directly from hydrogen experts presenting their company's latest technologies and solutions to develop a hydrogen ecosystem.

“I loved it. I was there to meet people in the market who may need our help in compressing hydrogen and that happened quite well.”

PAUL FRANK
Technical Sales Manager
Sauer Compressors
USA, Inc.

WHY YOU SHOULD VISIT THE EXHIBITION & H2 TECH SERIES

- ✓ Hear from hydrogen experts, right on the Exhibition floor
- ✓ Explore a wide range of topics to enhance your hydrogen knowledge
- ✓ Grasp the latest cleantech developments for your hydrogen business
- ✓ Meet with technology manufacturers presenting their latest solutions
- ✓ Ask your questions and understand the future of hydrogen applications
- ✓ Get unique access to high-level hydrogen insights **free of charge**
- ✓ Expand your network and kickstart your industry collaboration
- ✓ Secure deals and do business with key speakers at their Exhibition stands

SPEAK AT THE H2 TECH SERIES. GET IN TOUCH WITH:

HIGHLIGHT YOUR COMPANY'S EXPERTISE WITH A SPONSORSHIP PACKAGE

SPONSORSHIP

The Hydrogen Americas 2023 Summit & Exhibition offers an ideal way for brands to raise their company profile, engage with key decision makers and showcase their products and services. With attendance from governments and senior industry representatives, you can position your company as a market leader and highlight your commitment towards the hydrogen industry.

With our tailor-made packages you can:

- ✓ Reinforce your commitment to the industry
- ✓ Highlight your position as a key player
- ✓ Showcase your company's latest products and activities
- ✓ Generate new business leads and contacts
- ✓ Get prime exposure to senior decision makers and Government officials

Let us help you cement your brand as a pioneer of the emerging global hydrogen industry.

“We are huge supporters of the summit and the collection of participants. This is a partnership we have to form across the entire ecosystem, Hyzon can't deliver fuel cell trucks without infrastructure behind it, we can't deliver fuel cell trucks without service partners to help service the trucks, we can't deliver fuel cell trucks without the support of Governments both Federal, National, State and local and the summit does a great job of bringing together all participants from the ecosystem, so we could not just sit around and talk but actually have side conversations and really keep moving things forward.”

PARKER MEEKS
President & Interim CEO
Hyzon Motors

EXPAND YOUR REACH WITH OUR BRANDED OPPORTUNITIES, FEATURING:

Sponsored Session in the Main Stage

Your Logo on Badges and/or Lanyards

Branded Lunches & Coffee Breaks

ANNOUNCING THE AMERICAS HYDROGEN ADVISORY BOARD

The Sustainable Energy Council's (SEC) World Hydrogen Series of Events bring together governments and companies across the entire supply chain to drive forward the industry and ensure hydrogen plays a pivotal role in the energy transition. Each event has an Advisory Board made up of senior decision makers from across the hydrogen value chain. Members meet regularly and give focus to the proceedings to ensure that key industry challenges and opportunities are addressed. This results in highly relevant and solution-focused events across the World Hydrogen Series that encourage stakeholders from around the world to take action, meet industry players and do business together.
